Written Reports for CGS Delegate Meeting 3/27/15

Current as of 4:00 pm 3/20/15

Officer Written Reports

President/Josh Coy.82

- Updates will be given at the meeting (Josh is in China!)

Vice President/ Michael Bowman.979

- We will continue to **accept applications for Senate seats through 3 April**, so keep spreading the word about this opportunity. Senate elections will take place at the 17 April CGS meeting.
- We will accept **applications for Delegate seats from Monday, 16 March, through 3 April**. Voting will then take place online from 4 April through 10 April. Please let your constituents know of this opportunity and encourage them to run.
- The Organization and Elections committee has adjusted the delegate apportionment (the number of delegate seats each program receives based on enrollment) for the 2015-2016 term, pursuant to the CGS Bylaws Section 1.2 and 1.3. Please see the apportionment spreadsheet for details.
 - In summary: Music goes from 2 seats to 1, Business Admin. from 4 to 5, Public Admin. from 2 to 3, Chemistry from 3 to 2, Nursing from 4 to 5, and Social Work from 4 to 5. Total delegates goes from 134 to 131. We used a ratio of 115 graduate students per delegate (from a ratio of 125/1 for the current term) and capped the maximum number of delegates a program could receive at 5 (up from 4 during the current term).
 - Botany was combined with Molecular, Cellular, and Developmental Biology, Geodetic Engineering was combined with Civil, Environmental, and Geodetic Eng., East Asian Studies was combined with East Asian Languages and Cultures, Judaic & Near Eastern Languages and Literature was combined with Near Eastern Languages and Cultures, Slavic and East European Studies was combined with Slavic Languages and Literatures.
 - OSU Nutrition was moved from the College of Nursing to the College of Ed. & Human Ecology. This still does not accurately reflect the interdisciplinary make-up of the program, but it has to be placed somewhere in the online management system, and this is better than Nursing, to which it really has no affiliation. Biostatistics was moved to the College of Public Health.
 - Allied Medicine was renamed Health and Rehabilitation Science. Greek and Latin was renamed Classics.

Secretary/Morgan Schunn.1

- QUALTRICS Switch
 - All university qualtrics account have been switched over to one. However, you may need to MIGRATE your current qualtrics to the new university-wide license.
 - If you are logging in to www.qualtrics.com, you will need to migrate your account over. Instructions on how to migrate are here: <http://ocio.osu.edu/KB04697>
 - Some accounts were automatically migrated. If you are using osu.qualtrics.com to log in, your account has been migrated.
 - Students new to qualtrics should use osu.qualtrics.com to sign up for a new account. This will give you the trial version. Then you must contact your department IT and/or Michael Dangler (dangler.8@osu.edu) to get an upgrade code which will place you within your department's section and give your more abilities.
 - Eventually, students will be able to request these codes directly through site licensed software self services site like any other program.
 - If you ever have issues with OSU services like Qualtrics, please contact 8-help so there can be a record of these issues! OCIO reviews these then addresses the issues. If there are not reports, they may not know of the issue.
- Be sure to forward news updates to your departments when I send them out so information gets to all students (look for one once classes get started back up). In order to get these out to your department, try to compile a way to contact your constituents (email, Facebook, talk to your grad chair, etc) if you don't already have a plan.
 - I plan to at least send out a summary news update after every meeting but will also forward other pertinent info as applicable.
- The WAC Outstanding Writing Instruction Award
 - Applications due Sunday, **March 22nd**, 2015 at 11:59pm
 - Are you a Graduate Teaching Assistant who approaches writing instruction in an innovative way? Do you work to incorporate writing effectively into the learning process in your discipline? Consider applying for the 2015 Writing Across the Curriculum Outstanding Writing Instruction Award.
 - The award recipient will receive a \$200 monetary award furnished by the Writing Across the Curriculum Student Organization and public recognition as an outstanding instructor who uses writing in innovative ways. The application deadline is March 22nd, 2015 at 11:59 pm.

Treasurer/David Bowers.461

- The deadline for the next round of the Ray Travel Award is **March 27**.
- The updated budget is attached!

Chief of Staff/Morgan Cichon.8

- Gov. John Kasich has instructed Ohio's public universities to cut costs by 5% over the next year. If universities do not cut costs, Gov. Kasich has warned that he will do it for them.
 - This is going to be challenging for OSU as we are already under a lot of financial strain. Tuition has been flat over the past two years and this has had a significant impact on the department and college budgets.
 - Gov. Kasich signed an executive order to form the Task Force on Affordability and Efficiency in Higher Education, which will be led by OSU's own Geoffrey Chatas. The task force will be responsible for finding ways to cut costs at Ohio public colleges and universities in order to keep tuition down.
- Senate Fiscal

- After reviewing the Plant, Operation, and Maintenance (POM) rates for 2015-16, Senate Fiscal has put forward a recommendation to the Provost that the POM rates should not increase for 2015-16. This would be accomplished by contributing only a minimal amount of money per assignable square footage to the deferred maintenance endowment. Senate Fiscal put forward this recommendation, because the committee recognizes the financial stress the colleges are under (particularly Arts and Sciences).
- The committee is currently reviewing the Composite Benefit Rates for Sept. 1, 2015-Aug. 31, 2016. Increases in the rates are mainly being driven by increasing health care costs. This does not have a direct effect on graduate students as benefits are paid by the unit through which the graduate student is funded. However, the effects of increasing benefit rates will be felt by the departments and colleges. The committee is also discussing long-term strategies for keeping these rates down.
- Kerry Hodak and I met with the CSA Allocations Subcommittee to discuss how CGS uses its Student Activity Fee (SAF) dollars. We showed that CGS is on track to spend all of the \$88,723 it received from SAF this year. We said that we feel comfortable with the amount of money we've received from the SAF, but that in the long term we might need more money to operate if our other sources of funding become tighter.

Standing Committee Written Reports

Academic Relations, Holowacz.1

- Committee of Academic Affairs
 - Establishment of a Dual Undergraduate/Graduate Degree between Dalian Medical University and Ohio State University, College of Public Health
 - Proposal to change the freshman forgiveness rule
 - Original rule allowed for the first year of classes (up to 15 credits) to be dropped
 - It may not be fair to everyone because (1) More students were coming in with enough credits to be considered sophomores and (2) students on the edge of passing or failing deliberately fail.
 - Pending approval of their enrollment unit, students can repeat up to three courses and have the first grade forgiven
 - Processed to the rules committee
 - OSU is undergoing the process of being reaccredited in the next few years.
 - An Institutional Re-accreditation Committee has been established and will meet in the future.

- Academic Relations
 - There seems to have been some success in getting some of the items onto the graduate student survey.
 - The survey will not be presented this semester, as OSU is taking part in a large national survey about sexual assault through the American Association of Universities (AAU). So please be on the lookout for that sometime in early April.
 - It was asked last meeting if students are covered if they are attending international conference. To be completely sure, I have contacted the Office of International Affairs regarding this question. Unfortunately, they have not gotten back to me yet.

Arts & Culture, DiFranco.33

- The Grad Night Out at the Pizzuti Collection was a success, providing an intimate private viewing at this beautiful museum in the short north for more than 50 graduate students. Music and food were provided.
- The next Arts and Culture event will involve a community service component, likely in collaboration with the Transit Arts youth organization. This event will be discussed at our March meeting. If you would like to contribute to the organization of this event, please email committee chair Maria DiFranco.33@osu.edu for more information.

- There will be an Open Doors training during the month of **April**. This will be split over two days, with each training scheduled for two hours. There will food

provided for those in attendance. Once the exact date, time and location are confirmed, more information will be sent out. An RSVP system will be utilized as attendance will be limited to 40 people. Both sessions will be required in order to complete the training. (see opendoors.osu.edu for more information about the program and training). If there is enough interest, we will try to reserve space for a second training to take place before the end of the semester.

International Student Concerns, Anderson.2299

- The ISCC has been working diligently on the following issues:
 - CGS and Students Legal Services have teamed up to provide three workshops in a row on topics relevant to international students (see attached flyer):

- **Tuesday, March 31:** Consumer rights, scams, employment, and housing law
- **Tuesday, April 7:** Driving laws, car purchases, repairs, and accidents
- **Tuesday, April 14:** Public and personal safety, and dealing with police
- All sessions are held at **5.30 pm** in Lazenby Hall, Room 034
- Workshops are open to the public - RSVP is not required
- The date is forthcoming of a fourth workshop for international students with Buckeye Careers regarding important insights into post-graduation employment within the US.
- The committee met with representatives from the Office of International Affairs and Student Legal Services on 3-12 to render clearer within OIA materials the serious legal challenges that students may face if driving in Ohio without an Ohio license. Both OIA and SLS are strong advocates for the concerns of OSU international students.
 - ****Please do not drive in Ohio without an Ohio license, regardless if you possess a valid international/ home country license. You could be charged with a crime!****
- The committee is in communication with the Chief Prosecutor's Office of Columbus in order to seek a clearer understanding of the rights and obligations of our international students to drive legally in Ohio. More forthcoming.
- The committee presented to the Council on Student Affairs, a committee within the University Senate, on 3-09. We discussed the ambiguity of current Ohio's laws regarding driving privileges for holders of valid international licenses, and for locating/ establishing a space within OSU's parking lots in which international students/ spouses can practice in preparation for the required maneuverability portion of the Ohio driver's exam. This was a productive meeting as the CSA members are very interested in the well-being of our students.
- Furthermore, our committee is additionally in communication regarding this latter issue with the Office of Administration and Planning and with the Parking Advisory Committee. These offices now join in awareness of the issue with the offices of Student Life, Public Safety, Student Legal Services, the OSU Police Department, the Undergraduate Student Government, Office of International Affairs, Office of Risk Management, the Council of Student Affairs, and the English as a Second Language Department.
- The committee remains aware of issues of international students being asked to leave the libraries for sleeping. Per a meeting with between affiliated administrators, we have learned that the libraries do have a no-sleeping policy. This is in place, in part, for the protection of the students so as to not fall victim of a crime. The committee hopes to be involved with education

- efforts both with our international student (and domestic student) body of this policy, as well as informing library staff of the differences in cultural conceptions of appropriate library behavior outside the border of the US.
- ****Please be aware that OSU libraries have a no-sleeping policy for all students/ library users. You may be woken up by a staff member if you choose to sleep in the libraries.****
 - **Be a Conversation Connections Leader!**
 - (a one time, 30 minute commitment with a pre-admitted students who is an English language learners from abroad)
 - Participants receive a certificate and the awesome experience of connecting with some one from a different country, culture, and language background.
 - <https://www.smore.com/jceg7>
 - **Office of International Affairs: Global Engagement Nights**
<http://oia.osu.edu/news/2854-join-the-conversation-with-global-engagement-nights.html>
 - **Join OIA's English Conversation Partner Program**

University Area Commission, Odden.2

University Area Commission

- Campus Partners presented its initial renderings for the 15th & High project that was recently announced. CP is expected to request a "custom" zoning and will come before the UAC zoning committee. Maybe CGS should work to become a

stakeholder, request a presentation by Campus Partners at a delegate meeting, and strongly recommend dedicated "channel" between CP and CGS.

- Developments proposed for SE corner of Lane & High and the 10th Ave Taco Bell site.
- University Community Associate has a **(free) Pancake Breakfast 9am Saturday, April 11th**. This is a great opportunity to talk with members of area governance and civic groups, learn about what's going on in the area, and eat pancakes.
- The SoHud Fools Parade is also scheduled for **April 11th, 1pm-2am**. See <http://sohudfoolsparade.org/> for details. This is an annual parade and neighborhood party; all are welcome.
- Traffic lights at 19th Ave & N 4th St; Wyandotte Ave & N 4th St; and Maynard Ave & Summit St are slated for removal coincident with the Summit/N 4th resurfacing plan. See <http://columbus.gov/protectedbikelanes/> and <http://www.columbus.gov/ConnectColumbus/> for some details.

CoDELIT

- Marcia Ham (ODEE) presented DELTA: <http://u.osu.edu/delta/>. Note that DELTA does not specifically invite graduate students to participate (we're working on that) but we're eligible. They've been invited
- Ken Petri presented about web accessibility, with a focus on instruction: <https://carmenwiki.osu.edu/display/10292/Home>
- OSU Libraries are projecting a \$1M materials budget shortfall for next year, given a FY15 6% increase and anticipated 7% increase in FY16. OhioLINK costs were contained by some capital funding from the State. The Libraries had some cash reserve from FY14, obtained no new subscriptions, and had a small number of print journal cancellations. Acquisitions strategy for FY16 predicted to include no new subscriptions; select low-use resources for cancellation; select abstracts/indexes overlap for cancellation; selective reductions in monograph allocations; support recurring e-book packages, foreign language gathering, plans, demand-driven acquisitions using OSU Trademark funds.

4.1.2 5-hour contractual thing is a pretty big mess, department does not see how big the issue is. Dean has now been assigned to look at the issue. Maybe UCAT should be looking at the issue to have a

3rd party. Been suggested to be an audit. The department doesn't even support this practice so why is it still doing it

Officer Written Reports

President/Josh Coy.82

- Hello Delegates and Senators,
- If you've been following the blog, you'll see that most of my time recently has been spent on GCBC and dealing with the 5hr contractual issue that has been ongoing.
- Please see the following blogs for my overly verbose summary of each.
 - <http://cgs.osu.edu/blog/report-on-graduate-minimum-stipends/>
 - <http://cgs.osu.edu/blog/report-to-aaep-met-with-refusal-to-distribute/>
 - <http://cgs.osu.edu/blog/rebuttal-to-aaep-contractual-claims/>
- In addition, I have provided a brief to Graduate Council formally asking for the adoptive leave policy to be updated per our suggestions and will report back after the next meeting of Grad Council.
- Senate has one issue regarding the composition of members of Steering Committee of interest (mostly housekeeping, but includes a request for additional faculty seats). We are also hearing that at least one other Senate committee was approached with the idea of increasing faculty representation. I will report more on what develops this week at our delegate meeting.
- Also, and in advance of elections, please take a look at this article from former CGS Secretary Sarah Lang in The Chronicle of Higher Ed and distribute to your constituents.
 - <http://cgs.osu.edu/blog/the-importance-of-service-for-graduate-students/>
- And finally, it looks like we have a solid delegation of six to go to Days on the Hill with Sage at the end of March. I'll look forward to their report back!

Vice President/ Michael Bowman.979

- Starting Friday, February 27 we will be accepting applications from those wishing to run for one of our four officer positions--President, Vice President, Secretary, and Treasurer.
- Those interested should submit an application online on the CGS webstie (cgs.osu.edu). This application includes submission of a CV or resume.
- Applications will be accepted until March 13, with the election to be held during the March CGS meeting on the 27th at 3:30 in the US Bank Theater in the Union. For more information on the duties of officers, see <http://cgs.osu.edu/administration/officers/>

Secretary/Morgan Schunn.1

- QUALTRICS Switch
 - The university is currently switching over to a comprehensive site license for qualtrics for the entire university and will have a university log in portal for OSU students. This means that students will use their OSU log in and password to access qualtrics instead of a separate qualtrics account.
 - This switch has already taken place for some departments. During this process Qualtrics is unavailable for up to 24 hours. After this switch you then need to go to osu.qualtrics.com to log in to your account.
 - At least for my department there was no communication about the switch or the new website to access qualtrics. Because of this I have been in contact with individuals at OCIO to understand the switch and how it will affect departments. It seems they planned for the switch to all happen at once but instead is happening one department at a time. So it is important to know that your qualtrics account may be down for a period due to “site migration” If you see this notification, this is what is happening. It may also say “invalid brand” when you try to log in. Both of these are indications that the switch is taking place and you will have to use osu.qualtrics.com to log in.
 - I hope to meet with the representatives at OCIO next week to get more specific information to share with your departments and hopefully understand a timeline of when this switch will happen so departments will be aware.
 - If you have been affected by this switch or have received any communications about it from your department, please email me so I know how this has affected students when I go to meet with OCIO
Schunn.1@oosu.edu
- Be sure to forward news updates to your departments when I send them out so information gets to all students (look for one once classes get started back up). In order to get these out to your department, try to compile a way to contact your constituents (email, Facebook, talk to your grad chair, etc) if you don't already have a plan.
 - I plan to at least send out a summary news update after every meeting but will also forward other pertinent info as applicable.
- Summer Teaching Positions Available:

Standing Committee Written Reports

Academic Relations, Holowacz.1

- Committee of Academic Affairs
 - Meeting for 2/18/15 was cancelled. No Updates
- Appointment Survey
 - In an effort to improving your experience as graduate students, a survey is being constructed that focuses on the duties associated with appointments. Since there are a number of possible financial changes coming to OSU (specifically the College of Arts and Sciences), it was seen as beneficial to obtain specific information on each term and appointment as opposed to an overall experience.
 - Meetings are being scheduled to POSSIBLY incorporate a portion of the questions into a larger graduate student survey.
- Supplemental Insurance
 - There was some concern regarding the requirement for graduate students to purchase supplemental travel insurance when traveling abroad, regardless if they are insured through OSU. I have done some investigating and here is a summary of my findings.
 - The insurance is there to benefit both, OSU and its students. When OSU allows students to travel abroad, OSU implicitly assumes some of the risk involved with travel. Therefore, in an emergency, OSU would be challenged to exercise its duty of care and respond on the traveler's behalf. This response may have financial ramifications if responded to properly. If not responded to properly, OSU faces possible legal ramifications. The supplemental insurance provides comprehensive medical insurance with no deductible, a network of partner facilities and evacuation. Payment for this insurance provides the infrastructure for the international emergency response protocol. Without this insurance, OSU may face potential ethical, financial, legal, and social issues. With this insurance, travel to high risk destinations, such as Algeria and Haiti are made possible, and allow for both parties to remain protected.
 - The policies and procedures set forth by the International Travel Policy Committee (ITPC) were benchmarked against peer institutions. Therefore, policies, operating procedures, and the specific elements of the insurance coverage itself are comparable to other institutions. For example, while the requirement of supplemental insurance is not universal, Michigan, Minnesota, and Texas, have similar policies in place.

- Unfortunately, there have been instances in the past where graduate students did travel abroad and did not have supplemental insurance. Luckily, there have been cases where OSU was able to enroll them in the nick of time. It seems that the ITPC would like to prevent such cases from happening again.

Diversity & Inclusion, Campbell.1651

- An event is being planned at the OSU Planetarium; it will be open to all graduate students and will provide an opportunity for graduate students to attend with their families. The plan is to offer this event on two different dates; seating at each event is limited (approx. 60 people), so if there is enough interest, we could schedule more dates. More information will be provided once the event dates have been finalized. Food and drink will be provided at each event, and there will be no cost for attendance.
- Members of the Diversity & Inclusion Committee are meeting to learn about the Open Doors Program through the OSU Multicultural Center (see opendoors.osu.edu for more information). We are looking into receiving the training offered through this program, and then offering this training to all graduate students (at no cost). **If you would be interested in receiving this training, please reach out to me so I can gauge interest and set something up this semester (campbell.1651).**
 - Here is some information about the Open Doors Program from their website:
 - Open Doors is a 4-hour training broken down into three conceptual modules, each teaching a unique aspect of responding to bias. The intent of this program is to create a safer and more welcoming environment which acknowledges that acts of bias occur at our University and which helps individuals and communities heal from, and become more resilient to, acts of discrimination and bias. By agreeing to become an Open Doors Partner, the participant agrees to undergo training and to serve as a resource for people seeking help in reporting acts of bias.
 - After the training sessions a participant will receive resource materials about bias and diversity and an Open Doors Insignia to denote that she/he has completed the bias training and is an Open Doors Partner. The Open

Doors Insignia is a symbol to all people who have experienced an act of bias that you are an understanding, supportive, and trustworthy individual. Witnesses or victims of bias will know that they can come to you as an ally for help, advice, or just to talk with someone who is supportive of their well-being.

- The Open Doors Insignia also means that biased and discriminatory comments and actions will not be tolerated; they will be addressed in an educational and informative manner. The message that the Open Doors program will send out is one of understanding, non-judgment, and knowledge of the concerned parties' needs and experiences. It is symbolic of the willingness and commitment on the part of a community to provide an atmosphere of unqualified acceptance and assistance.

Governmental Relations, Tull.20

- The Governmental Affairs committee met Friday, February 20th.
- Upcoming for GA is Day on the Hill (DOH) in Washington, D.C. that will take place March 20-24. OSU's focus issue is Research Funding, but we also are committed to looking at and advocating on behalf of issues of Immigration and Student Finance and Indebtedness. We look forward to sending approximately six delegates from OSU.
- Have a great week!

International Student Concerns, Anderson.2299

- The ISCC has been working diligently on the following issues:

- OSU's 30+ participating international student organizations, the Ohio Union, and the Office of International Affairs hosted another wonderful, delicious, successful Taste of OSU. We are a diverse, colorful community of Buckeyes! <http://thelantern.com/2015/02/a-taste-of-osu-shows-a-taste-of-the-world/>
- If you are an international student and have received a citation for driving with a valid foreign license and not an Ohio license, please email both Roger Anderson (Anderson.2299@osu.edu). We are trying to gather data on the importance of this issue.
- We will be meeting with Nancy Thompson from Buckeye Careers. We are interested in making the career fairs friendly for international students.
- We will be meeting next week with staff and advocates of sexual violence prevention education in order to craft and implement a workshop specific to international students. Sexual violence affects domestic and international students of all genders on this campus. We hope that this workshop will take place Spring 2015. More info forthcoming.
- We helped to facilitate information for two recent cases of international students facing COAM (Academic Misconduct) charges.
- We are in communication with the Wilce Student Health Center administrators regarding mandatory international student check-ins. Our interest is that international students do not have unpleasant experiences in checking in, particularly on the first hot August days of Autumn. Due to the Wilce Center renovations, the Spring 2015 check-ins occurred in the RPAC Center. Because of the difficulty in transporting medical equipment, etc., Wilce staff is committed to hosting the large Autumn 2015 check-in (health screenings) in the Wilce Center (rennovations are scheduled to be completed in time).
- We have been focusing heavily on seeking clarification on Ohio's driving laws regarding international students who hold valid foreign driver's licenses, and on advocating for locating space and extending liability coverage for international students and their family members to practice for the mandatory maneuverability portion of the Ohio driver's exam. Currently, practice driving is not permitted within OSU's vast parking lots.
- Pursuant of these two goals, the committee has been in contact with the following OSU departments and community actors. Details of such work has been intentionally suppressed in the interest of time/ space.
 - Oct 2014-Dec 2014: OSU Office of International Affairs, Public Safety, Student Life, Campus Parc (did not attend meeting)
 - Jan 2015: OSU Student Legal Services, OSU Police Department
 - Feb 2015 (externally): City of Columbus Prosecutor, Ohio BMV (request), Ohio Attorney General Opinions Office

- Feb 2015 (internally): OSU Legal Affairs, OSU Student Life Office of the Vice President, and the Office of the Director of International Students and Scholars within the Office of International Affairs, Office of the Director of Risk Management, Undergraduate Student Government President and Diversity/ Inclusion Chair and Physical Environment Chair,
- Feb 2015 (upcoming): Council of Student Affairs
- Looking for Conversation Connections Leaders (a one 30 minute commitment with English Language Learners). Participants receive a certificate and the experience of connecting with some of OSU's 7,000 international students. <https://www.smore.com/jceg7>

Drinks and snacks will be provided and it is free for all students to attend!
 - If interested in attending RSVP

- As mentioned before, OSU is looking into privatizing their energy utilities. Vice Provost Jennifer Cowley (cowley.11@osu.edu), is now going to be in charge of coordinating the efforts.
- A project website: osu.edu/energy management, is created and will be updated as new information is available. Currently the project is in Phase 1.
- You can also email your questions or comments to energymanagementplan@osu.edu. Please take a look at the website and encourage your constituent to ask questions about the project.

 - The Population Reference Bureau (PRB) is pleased to announce its new 2015-2016 U.S. Policy Communication Training Program! The new U.S. Policy Communication Training Program builds on PRB's 40-year legacy of training researchers to bridge the gap between research findings and the policy development process. We are pleased to be able to offer a one week workshop July 12-18, 2015 with follow-up designed to develop skills in communicating with U.S. decision makers and the media. Through the generous support of the National Institutes of Health (NIH), Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD), we are able to fund participation, including travel and accommodations, for doctoral students in demography, population health, reproductive health and related programs at U.S. academic institutions and who are U.S. citizens and permanent residents. Other applicants may be considered if funding is available from other sources.
