1. CALL TO ORDER: Meeting called to order at 3:35 pm

1.1. Statement of Purpose

- 1.1.1. To effectively advocate and program to ensure that The Ohio State University graduate student experience is the best it can be.

2. ROLL CALL

2.1. Collection of name cards.

3. GUEST SPEAKERS

3.1. Dr. Danny Glassman & Dr. Matt Couch

- Nick (CGS pres) meets with Dr. Glassman and Dr. Couch every 2 weeks to continue to voice our concerns.
- Student experience and engagement delegates SEEDS
- Will be starting a parent and family roundtable.
- Ohio Union Activities Board OUAB – we pay fees for this, the majority of the revenue goes to OUAB to plan events designed specifically for graduate and

professional students. Check them out on twitter, Instagram, and oaub.osu.edu.

- Participating in these programs are really great for overall well-being.
- What is a Dean of Students? (deanofstudents@osu.edu)
 - An office that is catered toward the well-being of graduate students
- Ways DOS can help grads engage with programs?
 - Self care programs.
 - Town halls.
 - Less emails.
 - A place where ALL events are all categorized. - like a universal calendar.
 - The app seems to be a really great resource – you can even filter what you see. Good for knowing what there is to do on campus
 - A central hub of information. A place you can go to be directed towards the resource you need.
 - Work with grant orgs, and financial services to provide resources for financial wellness. There's all this money out there that we don't know about.
 - Pull back on social stuff, and put more of an emphasis on concrete resources.
 - For people with children, if childcare is not available, they can't participate in events either way.
 -

3.2. Guest Speaker – Kyle Strickland

- Serves on the new civilian review board (11 members in the city of Columbus)
 - 1st review board in this city
- A civilian review board should be diverse and reflective of the broader community.

Open conversation:

Felipe : can you talk more about the board, and day to day life?

- A working group (16 community members)was developed to begin conversations on what a civilian review board would look like.

Benjamin McKinley: Does the civilian review board have the power to implement disciplinary action to correct police violence?

- The review board can only make recommendations – but holds weight in the mayor and police chief's decisions

Jane Doe.# : How do you feel the review board represents the black, poor, and queer community?

- The review board is not as reflective of the broader community as it should be. The board is crafted of people who are not afraid to speak out on behalf of these communities.

Faith Lewis: Can you be more specific on how the board is going to engage the community? How can you bring in these strong activists that have been leading protests and local organizations if they may already distrust the police, and when they show up you are the people in power?

- I believe it is up to the board itself to hold these community meetings to meet and make connections with people.

Name.#: How will you engage low-income households (which most likely lack the resources to find out about the board) to increase awareness of this review board?

- The review board is a volunteer body, so we work with the city to learn how to engage with these communities. We are also going to hire an additional person for this end – Inspector General.

Isobel: Has there been discussion around how to respond to people in mental health crises.

- As a board this has yet to be discussed.
- Will you discuss this in the future?
 - I'll bring this up our next meeting!

Name.#: How will you make sure that there is more of a connection between the university's engagement in the policing dialogues and the city of Columbus?

- We need to increase the engagement between us and university admins. We have had few limited difficult conversations and we will be pushing for more.

De'Avin Mitchell: Do you have a definition of community?

JAvonte Lipsey.#: When can expect some recommendations?

- Sept 22

Are there term limits for board members?

- Yes there are 2 and 3 year terms

How do you measure success?

- We are hoping to provide a report by engaging with the community hopefully by next fall.

How are constituents selected?

- 2/3s majority and recommendations from the mayors office.

McKinley: I have suggestions for where the inspector general can contribute, one of them should be investigating why the Columbus Police Department kills substantially more juveniles than other city's.

- The Dept of Justice was brought in to review COPD's practices

Nick Messenger: There are multiple avenues for us to be involved in, concerning these community issues.
