7. SPECIAL ORDER ITEMS
   7.1. Delegate Issues & Concerns
       7.1.1. It seems that the new onboarding process in work day for TAs and Gas are a lot more difficult. If people were GAs in the past, you can go through a job change in work day. However, if not there will be many steps and clicks and DocuSigns. The university has acknowledged that this is not the best process, and we are hoping changes will be made.
       7.1.2. There are issues with the health insurance for some grads where there is a disconnect between doctors and pharmacies. This is being worked through as we speak.
       7.1.3. Students want to push for clarification on administrative hierarchy. It seems that there is always confusion on who to contact, who reports to who, and what each job’s specific responsibilities are. Workday can tell you who reports to who within your college, and this goes all the way up to the president.
       7.1.4. We are still not sure on President Johnson’s stance on unionization efforts. We will pursue this.
       7.1.5. Concerns for graduate students that need to travel abroad to complete research and dissertation work was expressed.

8. ANNOUNCEMENTS
   8.1. Next meeting is September 3rd, 2021 @ 3:30 pm.

9. ANNOUNCEMENTS
   9.1. Meeting adjourned at 4:32 pm.
